POST OFFICE BOX 40888 · SAN FRANCISCO, CALIFORNIA 94140 U.S.A.

## AUCTION 33

Closing March 16, 1996, Sunday, 6:00 p.m. USA Pacific Time

Highlighted this time is a study assemblage of two hundred Mexican tokens. A feature is the group of fifty colonial-period emergency issues, one dated 1799. Another forty-five furnish a glimpse of tokens from several mid-19th Century localities. Especially see Colima and listings for the Jalisco planter, Lazaro J. Gallardo. Students of mining and hacienda tokens will encounter rare firm names and off metals.

The collection originated with early 20th Century North American collectors W.J. Dodds of Boston, Howard D. Gibbs, and more recently, James J. Curto. Other Latin-American tokens from their collections are included here. Buyers of tokens from other countries will not be disappointed.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br., Cop, Ir, Ld, Nkl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token.

Catalog numbers are often used to aid description, e.g. (L#101.3) and refer to the most standard U.S. work on the topic at hand. Since listing each reference would be too cumbersome, please write if you need to know which. Dollar values written simply (\$5) mean a suggested bidding range. An "MB" or "Res." enclosed in parentheses with a dollar value (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid". Without the "MB" the value stands for a bidding estimate.

Grading is subjective in a series as varied as tokens, especially when they are crudely made. I try to be conservative and in most cases have reduced items by one grade where there is any question in my mind. Comments on my listings and methods of operation are always welcome.

Please remember that a Bidder's Fee of 9% will be added to the sale price. A change has been made in Rule 3 to increase fairness in bidding. Thanks.

## MAIL BID SALE RULES AND TERMS

1. The sale closes at 6 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no additional telephone bids. Lots are sold to the highest bidder. In the event of tie bids the lot goes to the earliest arriving bid. Bids of only a few cents difference will be considered tie bids.
2. Bids must be in U.S. Dollars and those under \$3 are respectfully declined.
3. Winning bids will be reduced to a 10% advance over the next highest bid, or the Reserve (Minimum Bid) if any. In the event there is only one bidder, bids will be reduced to the published estimate, but not lower. The maximum reduction will be 65% of the highest bid in any case. Bids will not be reduced under \$25. In general acceptable bids will be those that are at least 60% of the published estimate.
4. Successful bidders will either be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance costs will be added to the invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 9% or \$1 will be added whichever is higher. California residents must pay 7% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. Prices Realized: please order them when you submit your bids. Do not send payment. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt only if there is a major error in the description or in the material sent. Please check the shipments for such and keep a copy of the bids you submit. Please pay within 5 days.
7. Lots Made Up of Multiple Pieces: In most cases these consist of items which are a) very common, b) badly worn or damaged, c) issued after 1950, d) of little collector interest or e) all of the above. Please bid accordingly. I try to describe them as much as I can afford the space, but because of their nature descriptions have to be limited.

BIDDING BY TELEPHONE? My number is (415) 648-8634. The best hours to reach me are 7-9 a.m. USA Pacific Time. However the least expensive and most certain means to bid is by mail even if only on a postcard. At times business may keep me away from the phone for days. I will accept bids over the phone during the week prior to closing. Current bid levels are available from the computer. However if you request such information, you must bid at least 10% over the highest in order to have your new bid qualify. For items quoting under \$10, you must bid at least \$1 more to qualify. For those who like to call in bids at the last minute, I will have all current bids posted during the last week before closing, but often at the end of the last day this is not possible when they come in rather quickly. 90% of all successful bidding is accomplished with high bids by mail.

**British Central Africa Protectorate.** Not a name heard much these days. It was bestowed on the territory from 1893 through 1907. In the latter year it became Nyasaland Protectorate. Local Africans were delighted on both occasions. One E. Charles Sharar issued the token made of black hard rubber or vulcanite. The catalog describes four denominations (see Lots 1089-1092).

Shire Highlands mentioned on the tokens is described as "hill country", about 3000 feet (1000 meters) in elevation. Its chief commercial center is the town of Blantyre founded in 1883. The district is said to be the most comfortable for Europeans. In 1964 Nyasaland became the Republic of Malawi.
